Program Overview

Create dynamic interiors using innovative approaches to spatial organization, materials, and lighting. If you're willing to push boundaries, our faculty of industry professionals will give you the space and support you need to do it.

OUR MISSION

The School of Interior Architecture & Design is a serious professional program for the serious professional designer. Our curricula delves not only into the conceptual and theoretical but into the practical as well. Our teaching is practical, focused on aesthetics, and geared toward application and business. We are accredited by the Council for Interior Design Accreditation, the most prestigious accreditation available in the United States for interior design programs.

Our program provides hands-on Interior Architecture and Design classes guided by our experienced faculty. Our courses teach the skills needed to help you succeed in a number of careers, including project designer, visualization specialist, or building information management (BIM) designer.

WHAT SETS US APART

- We are connected to many famous designers and firms in the United States, giving you the opportunity to interact with this community through our guest lectures, internships, and more
- Our Interior Architecture & Design programs are offered on campus in San Francisco and online
- Our undergraduate curriculum focuses on sustainable design concepts and environmental issues influencing design in the 21st century
- We focus heavily on collaboration with professional interior architects and designers
- During your time in our program, you will be encouraged to enter and participate in contests hosted by industry leaders
- Our San Francisco location gives students immediate access to the finest and most accessible design showrooms in the country

What We Teach

When it comes to design—residential, commercial, furniture, ergonomic, building, sustainable, and more—few schools offer better training and more hands-on learning experiences than Academy of Art University. Our degree programs are designed to equip aspiring interior architects and design professionals with a comprehensive toolbox of marketable skills that lead to success in the field.

CONCEPTUAL DESIGN

We introduce design basics with a focus on 2D and 3D space and composition problem solving. You will create a variety of solutions for a problem and present concepts to scale using sketches and models. Utilizing the elements of design to communicate abstract conceptual ideas is emphasized.

DESIGN PROCESS

You will apply the skills and theory learned to develop a comprehensive response to program and contextualize a commercial design project. You will also demonstrate a detailed understanding of the design process, including research, concept and design development, design documentation, and presentation. Designing for real-world application is emphasized.

PORTFOLIO PREPARATION

The portfolio is a graphic representation of the designer's range and overall approach to projects. You will develop an identity package, and your portfolio will serve as a presentation of your ability and personal style. Emphasis is placed on conveying strengths and professional readiness.

SUSTAINABLE DESIGN

In this course, you will gain a practical understanding of the field of environmentally conscious design. You will learn about the impact of design on the environment, and of ways to conserve and protect it. Focus is placed on principles of natural harmony, non-toxic materials, and earth-friendly initiatives within the design industry.

ADDITIONAL TOPICS

Furniture Design, Ergonomics and Equipment Design, Building Information Management (BIM) Design, Design Visualization, and Project Design Management.

Faculty

Archana Myer

Executive Director

Archana Myer has been with the School of Interior Architecture and Design since 2012. She has a unique background that combines hospitality design, project management, and marketing. As a Senior Designer and Project Manager at the world's largest Hospitality Firm, Hirsch Bedner Associates (HBA), Archana worked on several large-scale international hospitality projects for properties such as Ritz Carlton, Hilton Hotels, and InterContinental Hotel Group. Archana received her BA from the University of California, Santa Barbara and her BFA from the Academy of Art University.

Kathleen Valkuchak

Director

Katie Valkuchak is a graduate of the Interior Architecture & Design program at the Academy of Art University, holds a BA in Art History from UC Santa Cruz, and is a certified interior designer in California. Katie has worked with several design Bay Area firms including Angela Free Design, and Backen, Gillam & Kroeger Architects, and later as a design consultant. Her services included end to end design for a variety of high-end residential, commercial, and hospitality projects. She began working with the Academy as an adjunct instructor in 2011, and in 2017 became the Director of the School of Interior Architecture & Design.

**Tom Collom**

Capstone Coordinator

Tom's experience spans city and regional planning, architecture, retail, corporate interiors, landscape, and industrial design. In 1997 he co-founded BruceAndTom (BAT), which has created retail and commercial design for Hot Topic - Blackheart, Gymboree, bebe, Discovery Channel, Janie and Jack, Fila, Adidas, and Reebok. Tom is a licensed Architect and received his B.A. Degree in Architecture from the University of California at Berkeley.

**Kathleen Roche**

Design Fundamentals Coordinator

Kathleen Roche is known for excellence in high-end residential, retail, restaurant, and commercial projects, having collaborated with a number of design firms including Barbara Colvin & Co. and Juliana Carlsen Interiors. She has unique experience in graphic design and market research, a Bachelor of Science degree in Art Education, and has studied Interior Architecture and Design at the University of California, Berkeley.

Degree Options

CERTIFICATE

The four-year certificate program provides students with a disciplined approach to the study of Interior Architecture & Design. Student portfolios will demonstrate the variety of skills and creativity developed. Graduates enter the field prepared for professional opportunities in Interior Architecture & Design. Students take electives and art history courses to round out their experience. Unlike the BFA program, students pursuing the Certificate program do not take liberal arts coursework.

ASSOCIATE OF ARTS (AA)

The School of Interior Architecture & Design's AA program is designed to provide students with a foundation in design theory, technique, and technical skills in line with today's industry standards. Graduates of the program are equipped for a seamless transition into the school's BFA program.

MASTER OF ARTS (MA)

The Master of Arts (MA) program in Interior Architecture & Design is a 36-unit program that will provide students with a dynamic learning environment and a curriculum to prepare them for professional practice. The curriculum covers all aspects of design, including programming, design analysis, human social and spatial interaction, space planning, use of color and materials, preparation of construction documents and specifications, site observation, professional business practices, current methods of interior construction, building systems and components, codes and regulations, fixtures, furnishings, and equipment.

BACHELOR OF FINE ARTS (BFA)

The School of Interior Architecture & Design's BFA curriculum integrates theory, design, and technology in tandem with the standards of the industry. Our students develop the requisite intellectual, artistic, and ethical abilities necessary for professional practice.

MASTER OF FINE ARTS (MFA)

The MFA program focuses on advanced techniques and theory of interior architecture and design. The curriculum—designed and taught by industry professionals—focuses on research, concept and design development, traditional and digital media, innovative ideas, and global issues.

Our Facilities

Adjacent to the famous Design District in San Francisco, the Interior Architecture & Design facilities house 87,000 square feet of materials, shops, tools, and classroom space.

COMPUTER LABS

Our computer labs are fully staffed and equipped with industry software, including REVIT, 3D Max, and Adobe Creative Suite, which is free to all students.

MATERIALS LIBRARY

You will have access to an impressive collection of material samples, furniture information, and catalogs—supplied by local architects, designers, and showrooms—in this on-campus facility.

WOOD & METALS SHOP

Shared among students from Interior Architecture & Design, Architecture, and Landscape Architecture, our shop facilities include a full array of hand tools, table saws, drill presses, and a host of other tools. The shop also features equipment like laser cutters and 3D fabrication CNC routers.

SAN FRANCISCO DESIGN CENTER

Because we are based in San Francisco, we have a direct line to some of the best firms in the industry. The Bay Area is home to an incredible wealth of visionary designers—a true hub for creativity. Our location gives you access to the San Francisco Design Center, one of the finest and most accessible design showrooms in the country.

Student and Alumni Testimonials

Our 50,000+ Academy alumni are some of the most successful and sought-after professionals in art, entertainment, and design today. But we're just getting started. Our current pool of creative and innovative students are preparing to redefine the future.

“One of the defining moments toward my final semester at Academy of Art University is the introduction to a professional work environment.”

Duy Nguyen
Intern, Puccini Group

“Interning at Urban Chalet during my junior year at Academy of Art University has given me great exposure to the design industry.”

Sarah Peterson
Intern, Urban Chalet

“I think Academy of Art students in general have an incredible work ethic. Find your prerogative and just own it.”

Justine Zielinsk
Production Coordinator, Stereoscopic Films

“I’m really proud to be an Academy of Art University alumna. I recently was part of a portfolio review of senior students from the Academy that came to the company, and the level of work and knowledge we have is better than I could imagine.”

Daniela Amelunge
Designer, Gensler

Alumni Success

Our Interior Architecture & Design courses teach the skills needed to create an artistic portfolio of work that you can carry into your career. We are one of the few accredited interior design programs in the nation, and the only school invited to participate in the SF Designer Showcase.

DISTINGUISHED ALUMNI AWARD RECIPIENT: ANTONIO MARTINS

Antonio Martins established his signature style in the corporate world as a manager at Hyatt International for 10 years before relocating to San Francisco to study at Academy of Art University. Martins later founded his namesake design firm, where he adapts his creativity to each client's lifestyle, bridging space and function for a cohesive space.

"I think that as a student, if you love to do Victorians, do it! But also learn about the modern designs. The more styles you learn just shows how well-versed you are." – Antonio Martins

Partnerships

Thanks to our location and the invaluable connections of our faculty, the School of Interior Architecture & Design offers some of the most exciting industry experiences you will find at any school. We host guest speakers, workshops, and events, which may provide opportunities to our students in the form of scholarships, grants, classroom support, projects, and professional experience.

FOUR SEASONS COLLABORATION PROJECT

"I had a rare privilege working with students from the Academy. Their ideas had a sense of place, were inspiring, and above all, were guest-centric."
– Nathan Loga Hotel Manager, Four Seasons

The School of Interior Architecture & Design (IAD) was asked to participate in an exciting collaborative project with the Four Seasons Hotel, San Francisco. The collaboration effort went beyond interactions with the hotel and extended to the Academy's School of Industrial Design. IAD students were asked to conceptualize the future of hotel lobbies and provide the Four Seasons with innovative design solutions toward improving the function and aesthetics of the space.

The IAD team consisted of four BFA students selected by the department based on their diverse and high level of skills. The student team, led by our directors, worked together during the course of two semesters.

The students did extensive research, conducted case studies, and had client meetings to gain knowledge. This information was processed and developed, culminating in three final concepts. Each concept had a unique approach to the design of the hotel lobby and together, these options provided a wide range of innovative ideas to the Four Seasons' upper management. The drawings showcased here portray a visual snapshot of the design development process.

FF&E DESIGNER

Focus on Furniture, Fixtures & Equipment (FF&E) selections, specifications, and material sourcing. The overall design concept established by the team is represented throughout all FF&E presentations. All members of the design team are expected to have strong leadership, organization, communication, and relationship management skills.

PROJECT MANAGER

Have project responsibility for client satisfaction, quality control, and financial performance. Prepare project proposals, negotiate contracts and fees, and coordinate the business process. Manage the project team that is comprised of junior designers, project designers, and job captains.

AUTOCAD/BIM DESIGNER

Plan, program, and generate construction documents that accurately represent design intent. Plans, sections, details, elevations, and schedules are all a part of design documents.

PROJECT DESIGNER

Coordinate both the FF&E and AutoCAD/BIM design deliverables to ensure that efforts are streamlined and consistent. Determine the feasibility of design details and manage the overall set of design documents to make sure they meet requirements of the project team as well as industry standards.

VISUALIZATION SPECIALIST

Work in collaboration with the design team to create visual representations of project development. Design concepts are communicated through the use of hand renderings, sketches, or 3D digital renderings and models.

JOB CAPTAIN

Collaborate with project managers to develop appropriate solutions as well as coordinate the design through the various phases of the design process. Work with consultants, contractors, fabricators, specification writers, and regulatory agencies to meet overall project objectives. Relationship management is an important part of this job.

Athletics

We are the Urban Knights—the only higher arts education institution in the U.S. to have an NCAA athletics program. Competing specifically within NCAA Division II and the Pacific West Conference, the Urban Knights are made up of 14 collegiate sports teams dedicated to distinction, sportsmanship, pride, teamwork, credibility, and creativity.

The Academy is one of the unique places in the world where students can find a beautiful balance for their artistic and athletic passions.

Our student-athletes have told us that as they gain art and design skills, they become better athletes; and as they improve their athletic abilities, their art is augmented. You can pursue your love of art, and your love of sports, and you can be successful in both.
